

Dear Members,

Here we are and half way through the year and I saw my first advert for Christmas, what a thought! I have just returned from a week away in Norfolk a lovely part of the Britain. Pretty villages with ponds and ducks and windmills and flint stoned cottages surrounded with tall hollyhocks, beautiful! Flowing dunes atop of long beaches with golden sands. So peaceful. Perhaps a beach scene could be a project with modern caravan or beach house or fishing harbour scene, like Wells or Cley.

A bit of sad news for the club members. Gaynor emailed to tell me that June Chapman sadly passed away. She had been ill for awhile. Her funeral was on Monday July 1st. I couldn't pass on any details as I was away on holiday when I was notified and I had no way of getting in touch with you all but hopefully Gaynor contacted you. Lawrie has a new address I will let you have it. June and Lawrie were club members for a few years and made some lovely miniatures between them.

Birthday wishes go to Helen and Beryl in July.

Beverley

On holiday but still thinking miniatures!

June Meeting.

This month the group spent the evening making a pull along box of bricks in twelfth scale. Ann put together kits for us to make up and gave us good instruction to achieve this. A lovely little project to add to our toy box collection. Thank you Ann for another good project.

Louisa brought along two room boxes that she had made up from kits that she had purchased from the internet. They were much admired and the group suggested that they could be a project to source for future things to make.

Next month, July, Beverley will supply kits to make a hanging basket with a plant.

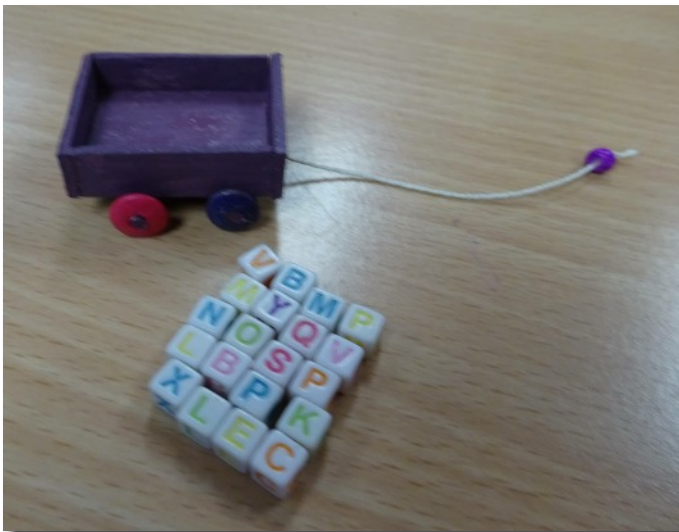

12th scale block trucks by Ann.

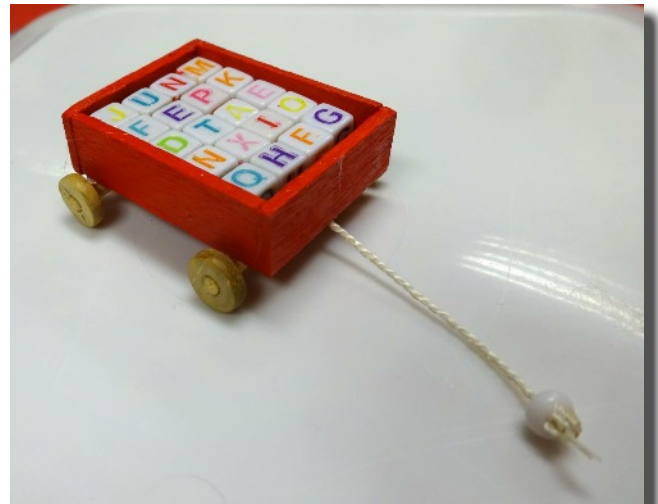

Louisa

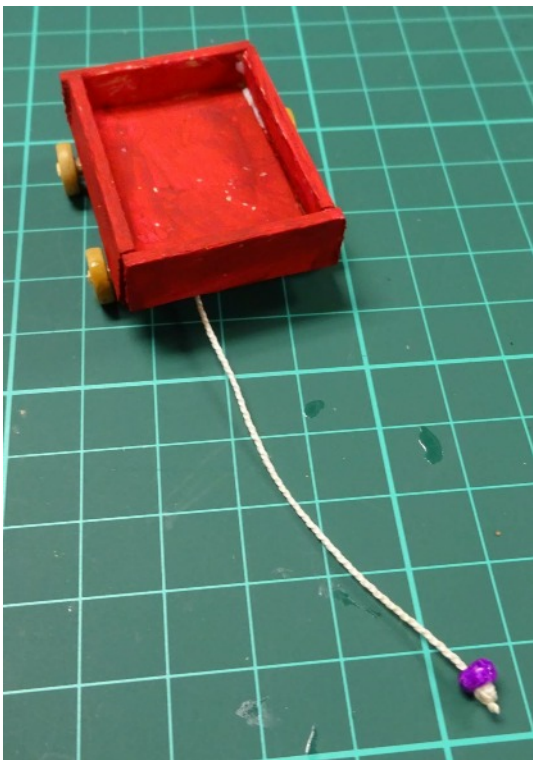

Beryl

Helen

Kim

Doreen

Kandie

Next Meeting: July 17th. 2019

We will make a 12th scale decorative hanging basket and plant. Kits will be provided by Bev. Bring scissors and a large hole needle for threading beads, and of course your usual workbox.

Dates for your diary

September 1st. Stafford - (A new fair by MGM Fairs)
County Showground ST18 0BD
