

Dear Members,

The newsletter is a bit late this month as I have been away on holiday to find the sun and some relaxation. This time I took some embroidery to finish as it has been sitting in a drawer waiting for such an opportunity to occur.

Whilst sitting in the sunshine I thought of things that might be good club makes for the next year. I have a list and will include it in the email.

This September the club is '21' years old. Last year we celebrated with a display and a party. This year we could hold a little celebration as several of the group are having significant birthdays over the months of July, August and September so this could be an opportunity to do something special. Any ideas.?

Summertime can be a good opportunity to visit other parts of the country and world. Let us know of any places worth visiting to see any miniatures and models and shops for supplies.

Birthdays - Helen July 11th, Beryl July 28th, Doreen August 1st, do have a good one.

Beverley

The string bowl was made by Kandie, and will be next month's project.

July Meeting.

Apologies. Jill, Kim and Thelma

This month we were making macrame hanging baskets. Bev came across the idea of making them after sorting through a box of stuff in the loft and found some full sized one's. After looking in several dhms mags and on the internet she came across a site and a magazine with an article in. This was adapted and a kit was produced along with printed instructions for members to make up. Although a bit tricky at times everyone was happy with the results of their efforts.

Kandie and Louisa brought along some string pots that they had made for the hangers and for next months make evening Kandie has kindly agreed to show us how to make them. Another new craft to learn.

Next month. String pots and bowls. You will need glue and work box.

Next Meeting: August 21st. 2019

Kandie will be showing us how to make string pots and bowls. You will need glue and work box.

Dates for your diary

September 1st. Stafford - (A new fair by MGM Fairs)
County Showground ST18 0BD

October 5th - 6th. Miniatura - Autumn Show
NEC Birmingham0

Helen found these Reutter Porzellan fine porcelain cake stand and cakes whilst on holiday in Italy.
