

Dear Members,

Autumn is approaching and soon the shops will be bombarding us with all things shiny and glittery so now is the time for looking out for interesting pieces for future projects. Now that I have finished the beach house I am looking for inspiration but get distracted with other things so maybe I should do some ufo's.

I am waiting for Elaine to get back to me so that we can arrange the exchange of items that she has for us.

It's Miniatura time again and as I haven't been for ages I'll make a special effort this time. May see you there?

We still need more ideas for future makes, so thinking caps on please.

Beverley 

September Meeting.

Apologies from Jill and Helen.

The September meeting was an evening of celebration not only was it the club's 21st year of forming but Ann, Kim, Beverley and Louisa and Jill have all had significant birthdays in September and the previous couple of months so naturally the coffee was followed by Birthday cakes supplied by Bev and Gaynor (who paid us a surprise visit as a guest) so a nice evening was had.

As Halloween is in the month of October, Kim had put together kits and instructions for us to make a witches/fairy door complete with cobwebs and spiders, broomsticks and various pumpkins. A lovely little project especially liked the spiders and cobwebs. Thanks Kim for another good make.

Next month we will make a sewing box so you will need your scissors and glue and usual full-size work box.

Busy hands

Kim's Halloween items

Doreen's broom-stick

Above: More scary spiders

Left: Bev's spider has caught a fly!

This is Kim's gypsy caravan which she made totally out of scraps.

Bev's holiday villa in 1/24th scale. From a kit with instructions in Chinese.

Next Meeting: October 16th 2019

Kim will be showing us how to make a sewing box.

You will need glue and work box.

Dates for your diary
