

Dear Members,

Apologies, it's late and I have no excuses apart from having had a slight accident after falling in a hole and badly spraining my ankle and hurting my knee. So I am now hobbling around the house but it is getting easier although I don't think I will be doing any marathons any time soon, ha ha!

Well, time is passing by quite quickly I find, even though I do not seem to have achieved that much. The 'Lock Down Inn' is coming along nicely I think, with the kitchen units almost completed. They now have a sink with taps and a hob unit and the built in ovens now have control units added along with the chrome trim. I am quite pleased with the result so far. I had a piece of wrapping paper that I have used to make 'jazzy' wall tiles for the kitchen splash back, they add a nice bit of colour to the black and white scheme of things. Next job is to cut an opening to fix a door and frame once I decide how big the en suite and bedroom areas are going to be. I always wanted to be an architect.....

Hope to see you all again soon.

Beverley

After my birthday - one year older and two more projects, one in 24th scale and one 48th.

Club Matters

I haven't heard from George at the Methodist Centre as to how or when we will be able to meet up as a club again. I was hoping it might be September but that doesn't look as if it will happen until it can be safely set up. As soon as I know I will inform you.

Jill has liked making up the room that was the club present and suggests that maybe we could purchase some more for another club project in the future.

I was contacted by Kathy Grange who lives in Lichfield. She found our website and donated to us two 12th scale display cabinets that she bought from Dolls House Emporium but had arrived damaged. They both need some slight gluing work but otherwise they are very nice. (D.H.E. sent her replacements). She suggested that they would be a good raffle prize. Any ideas? Kathy would also like to join the club once we meet up again.

Helen's room box from the club Christmas gift.

My modern kitchen in the old Tudor pub. I wanted a change from making vintage things! The blinds are not attached yet so look a bit wonky.

Next Meeting:

Cancelled until further notice.

Dates for your diary 2020

I have a notification that some MGM Dolls house fairs will be held soon.

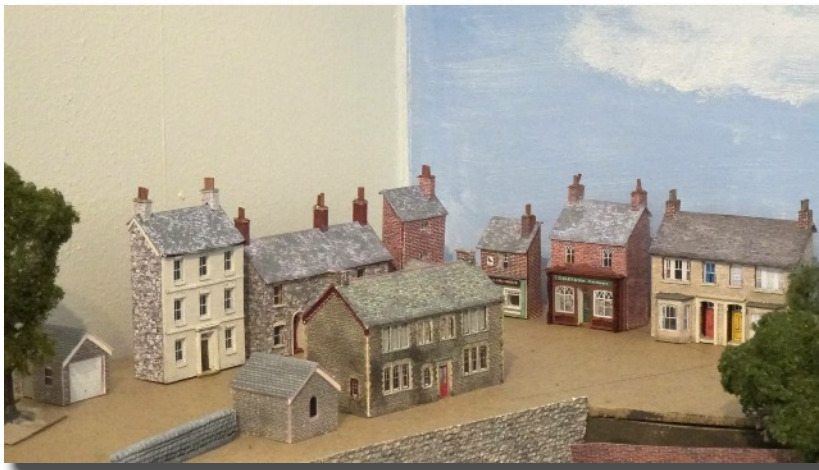

For more information on control measures https://mgmfairs.co.uk/dolls_house_fairs_2020.html:

October 25th, Stafford Showground

Nov. 1st, Bentley Heath Community Centre, Solihull

Nov. 14th Pudsey Civic Centre, Pudsey, Leeds.

Paul has given me a new project, it is to make my 144th scale petite properties into a complete village scene for his model railway. I may have to get some more little houses!! I think I shall like this challenge.

We put some curtains around to make it look tidier and to hide boxes such as the Club's WWI project.

Paul's cottages are made with a 3-D printed shell covered in printed paper.

I also made some of the trees but need to make a lot more.
